

Type HS 140

This hand cutter is for cutting poly hard foams according to DIN 4102. It is suited for straight as well as round U-profile cuts for pipe or wire channels as well as clean cutting of wall and ceiling sheets. Roof-endings can be cut to form. Even hard to create round cuts (for example power outlets) and diverse cuts for pipe insulation are possible.

The hand cutter is equipped with a practical hanging construction and is offering either in a cardboard box or in a protecting plastic case.

SPECIFICATIONS

- ◆ Including 140-mm-blade
- ◆ Protective insulation
- ◆ Power cord: 3 m long, Europlug
- ◆ No creation of cutting dust
- ◆ No creation static electricity

TECHNICAL DATA

- ◆ Cutting length: 140 mm
- ◆ Time to heat: 10 seconds
- ◆ Voltage:
230 V - 50 Hz (110 V - 60 Hz)
- ◆ Power: 110 W
- ◆ On/Off Usage: 12s On / 48s Off
- ◆ Cutting temperature max. 500 °C
- ◆ Weight: 1025 g

POSSIBLE CUTS

PRICES for Dealers (excluding tax)

- ◆ 129.00 Euro
- ◆ 159.00 Euro (inclusive case)

PRICES for End User (incl. tax)

- ◆ 153.51 Euro
- ◆ 189.21 Euro (inclusive case)
