

# Soffitcutter MC 330

The Soffitcutter MC 330 easily allows you to make all cuts in a short amount of time. Working with foam blocks without heat is simplified. The mobility allows you to fit insulation blocks right on the job.

You will experience extensive time savings, especially with walls that are not straight or at 90 degree angles. Angular cuts in every possible angle are no problem.

This cutter allows cuts from 90 to 180 degrees.

1  
Loosening the tension cable allows you to exchange wires without problem.

2  
Adjustable stop with ball bearing

A robust case protects the cutter during transport. Accessories are always handy.

## SPECIFICATIONS

- ◆ Solid cutting bow with suspension points for the cutting wire on both sides, incl. a corner connector
- ◆ Retaining jig for cutting bow
- ◆ Transformed built-in handle 220 V/12 V
- ◆ 5m Rubber cord
- ◆ Robust transport case
- ◆ Three pairs of clamp screws
- ◆ Two replacement wires

## TECHNICAL DATA

- ◆ Cutting height: 100 mm
- ◆ Cutting length: 330 mm
- ◆ Cutting speed depending on density of material (10 cm thickness): 8 - 15 seconds
- ◆ Weight: 1750 g

## POSSIBLE CUTS

## PRICES for Dealers (excluding tax)

- ◆ 334.90 Euro

## PRICES for End User (incl. tax)

- ◆ 398.53 Euro
